Orchestrating Care

The American Red Cross partnered with DEG to develop a solution for its Preparedness, Health, & Safety Services program to better engage with donors and volunteers through social media.

KEY HIGHLIGHTS

- + DEG implemented its Social Customer Care solution, leveraging Salesforce Service Cloud and Social Studio, and crafted a customer journey to remove friction and automate prioritization

- + The American Red Cross and DEG launched the social customer service solution as the division's first dedicated support channel, along with social media content and messaging enhancements
- + With continued optimization, the American Red Cross can now provide ongoing social media support that evolves to meet its audience's needs

Refreshing Consumer Data

PepsiCo partnered with DEG, an Isobar Company to implement Salesforce Marketing Cloud and Audience Studio, migrating data from Adobe and Epsilon for improved data-driven marketing.

KEY HIGHLIGHTS

- + DEG implemented Salesforce Marketing Cloud and Audience Studio, while standardizing tagging within Audience Studio across all PepsiCo brands

CLIENTS USING SF

Salesforce and Partner Platforms

Savor the Good Life

To avoid any channel conflict, Cuisinart Canada partnered with DEG, an Isobar Company to build its first ecommerce site intended to sell only refurbished products and parts to expand its market.

KEY HIGHLIGHTS

- + DEG built a UX-driven responsive website on Salesforce Commerce Cloud, including a number of features to improve the shopping experience

Cuisinart®

THE RESULTS

- + Cuisinart Canada's new website includes a feature for finding spare parts, as well as integrations for enterprise resource planning (SAP), email services (Silverpop), payment processing (Paymetric), shipping (Canada Post), and product ratings and reviews (BazaarVoice)
- + Now Canadian customers can find the refurbished products and parts they need to "Savor the Good Life"

Fueling Loyalty

Pilot Flying J and DEG, an Isobar Company collaborated to implement and integrate SessionM with Salesforce Marketing Cloud to grow the brand's new tiered-point accrual loyalty program.

KEY HIGHLIGHTS

- + DEG implemented SessionM, set up campaigns, and integrated it with Marketing Cloud
- + DEG developed email journeys for all program tiers
